Report of Principal and School Improvement Council

Latta Early Childhood Center is a small school with big ideas! Our faculty and staff are dedicated to giving each and every child the best possible education using innovative scheduling, intervention and assistance for children and parents, and the latest technology available. Every classroom is equipped with an interactive SMART Board, LightSpeed sound system, mounted projector and document camera. These systems are used to enhance instruction and motivate and involve students in the learning process.

The Latta Early Childhood Center has an active Family Literacy Program that includes the Parent Child Home Program (PCHP) which serves two and three-year-olds. The program provides a lending library for parents and workshops that cover a variety of interesting topics for parents. The program also offers GED classes on campus to meet the educational needs of parents. The classes are taught by a certified teacher. The Family Literacy Coordinator schedules literacy activities for all students, grades 4K–Gr.1 and assists with parent workshops for the general school population.

All 4K classes are equipped with new and improved materials, manipulatives, equipment and furniture to better meet the developmental needs of four year old students.

The school employs two certified special education teachers who serve as interventionists. They provide additional instruction through the SRA Reading Mastery Program and additional remediation to students who need supplementary instruction in reading and math. In addition, the school has implemented a school-wide, supplementary, multi-age reading program, SRA Reading Mastery, which is available to all kindergarten and first grade students.
